Tepato Systems offers software consulting services to help small business owners and non-profit groups.

If you want to make better business decisions, software and other technology tools should be key parts of your business strategy.

**This newsletter has articles with hardware tips.**

### Useful Gadget - Plug in USB Charger - PC World

#### Charge All of Your USB Devices With a Wall Outlet

If you have multiple devices which came with a USB charger cord, it can be a hassle to always keep your PC running in order to charge them. This simple and inexpensive device is made to plug into a wall outlet. You can plug two USB charger cords into it and charge two devices at once - without your PC.

(Scroll down to the second part of the article)

### What the Heck are All of Those Crazy Outlets on My PC? - PC World

#### Caution - Hardware Geeks May Like This One

If you have no idea what all of those different plug receptacles on the back of your PC/laptop are actually used for, this article gives a good overview, complete with pictures. Personally I had no idea there were so many types of USB ports, so go figure.
