Tepato Systems offers software consulting services to help small business owners and non-profit groups.

If you want to make better business decisions, software and other technology tools should be key parts of your business strategy.

**This newsletter has articles about tools to remove your data from digital devices and clear some space on your hard drive.**

### How to Clear Your Data off a Device - PC World

#### Before You Throw Out Your Old Device, You Need to Read This

When you're about to recycle or sell an old device (PC, tablet, phone, etc.), you really need to clear out your personal data first. To do it right and avoid identity theft issues, there are tools available.

[How to Clear Your Data Off a Device](#)

Along those same lines, if your mobile device is lost or stolen, there are also tools that can allow you to locate it on a map, then remotely lock it or wipe the data on it. Here is an example for the iPhone.

### Easy Ways to Clear Space on Hard Drive - PC World

#### Laptop Hard Drive Getting Full?

Is your laptop's hard drive not a very big one? Is it nearly full? Over time a lot of unneeded files and applications can clog it up. Here are some easy tips to clear some space on your laptop's hard drive.
