Tepato Systems offers software consulting services to help you, the small business owner. If you want to make better business decisions, software and other technology tools should be key parts of your business strategy.

Latest Websites by Tepato

August was a very busy month for Tepato. We completed a new site for the Sutter Buttes Chapter of Safari Club. Sutter Buttes is located in northern California, near Sacramento.

We also created a totally new design for the SCI Flint Chapter of SCI, a longtime client. They were ready for something new, so their site went from a burgundy color scheme to a very "woody" themed green and grey.

Both of these SCI Chapters will be entering the annual Website Award competition with the International office of SCI. The Flint site won 3rd place last year, so perhaps this year more than one of the winners will be a Tepato site. We'll announce the winners in December or January when they are announced.

Very soon, two additional sites will be done for two new clients:

- *Halsted Place - senior residences in Farmington*
- *Marine Lawyers - a national law firm representing yacht owners*

Stay tuned for more new designs and new clients in the near future...
