Tepato Systems will attend SCI Convention in Reno

Call 248-225-2915 to meet in person

Dear Cherie,

The owners of Tepato Systems are both Life members of SCI as well as Chapter members.

Tepato Systems can help you to achieve your chapter goals - whether they are to grow your membership, promote your chapter programs, or increase the profitability of your fundraiser. All of those goals can be reached through the effective use of software.

If your chapter doesn't have a website, you need one. Once you have a website, you need to keep the content current in order for it to be effective. We offer competitive rates on packages which include site hosting and maintenance.

Tepato Systems also offers a variety of software solutions to your Chapter's administration headaches. If you have trouble keeping track of event ticket sales, record book entries or auction items, we can help.

See below for more details...

SCI Chapter Websites

Professional Results for the Benefit of Your Chapter

Do potential members frequently ask you "Do you have a website?"

Do you carry around a briefcase full of paper forms for membership or program applications?

Does your organization hold events which you'd like to promote to existing members and the general public?

Would communicating with your members and the public on a regular basis increase your ticket sales and auction proceeds?

Would you like to solicit new members via the internet?

If you answered "yes" to any or all of the above questions, then you need a web site.

The following things can easily be placed on your chapter's custom web site:

- Contact information for your board of directors - email, phone, address
- Auction items, raffle items and fundraiser event details
- Photos of past chapter events and programs
- Testimonials from members who have hunted with the outfitters who are donating to your auction
- Electronic versions of the application forms for chapter member
- Educational programs
- Calendar of upcoming chapter events
- Links to related organizations, donors, outfitters, etc.
- Link to collect email addresses of current or potential members

The colors, fonts, and style of the site can be customized to suit your taste and to be appropriate for your chapter (to match your logo, if needed). You provide the content, so the site truly reflects your message.

Contact us today to begin your site, or to set up a time to speak in person during the Convention in Reno.

You may view our current SCI client websites with the links below.

See you in cyberspace!

Chapter Data Management

Are you drowning in paperwork?

Tepato Systems offers a variety of software-based assistance to SCI Chapters.

- Maintain your record book data and easily post it to your website
- Maintain your donors/outfitters contact information and keep track of their donations
- Quickly and easily create silent auction bid sheets and a script for the live auction
- Record ticket sales for any of your fundraising events, including contact information for the buyer, table assignments, etc.

Contact Tepato Systems for more information on how any of these databases can be set up for your chapter.
