Tepato Systems offers software consulting services to help small business owners and non-profit groups.

If you want to make better business decisions, software and other technology tools should be key parts of your business strategy.

This newsletter has some great tools for advanced Web users and some instructions for novice users as well.

Web Tips

Spell Check in Internet Explorer & Autoresponder in Gmail

The second and third portions are the most useful, unless you're using "the cloud" for storage, http://www.pcworld.com/article/225671/web_tips_amazon_cloud_drive_gmail_autoresponder

By Rick Broida, PCWorld

Back to Basics - How to Uninstall a Program

Do it the Right Way, It's Less Painful in the Long Run

Ever tried to uninstall something from your computer and couldn't do it? Here are detailed instructions.
