

August 19, 2011

Tepato Systems offers software consulting services to help small business owners and non-profit groups.

If you want to make better business decisions, software and other technology tools should be key parts of your business strategy.

**This newsletter has two nifty tools that could help any computer user, whether they're a novice or an expert.**

## Never Be Embarrassed by the "TAH DAH" at Startup Again

### Download this Free Tool to Automatically Mute the Startup and Shutdown Sounds

Avoid disturbing others in a quiet setting, or even worse, waking up your kids!

<http://www.karpolan.com>

## Automatically Backup to an External Drive

### Set it Up and You Won't Have to Remember to Backup Anymore

This free tool will backup the folders you select automatically. You can set it up once and forget about it!
