Tepato Systems offers software consulting services to help small business owners and non-profit groups.

If you want to make better business decisions, software and other technology tools should be key parts of your business strategy.

This newsletter has performance improvement tips that could help any computer user, whether they're a novice or an expert.

Cleaning Tool for Your PC

Cleaning Up Your PC for Better Performance

Try CCleaner, it's a free cleaning tool. It removes cookies and other temporary internet files. It also has versions that you can purchase which have more features.

Note - this tool can be used to perform the cleaning recommended in Step 2 of the Microsoft article below.

Remove Spyware from your PC

Improve Privacy and Performance with Spybot

This free tool finds and removes many different kinds of spyware, which are not always detected by your anti-virus software. It's an important tool to improve your PC's performance and also protect your privacy.

Note - this tool can be used to perform the cleaning recommended in Step 1 of the Microsoft article below.
