December 5, 2011

Tepato Systems offers software consulting services to help small business owners and non-profit groups.

If you want to make better business decisions, software and other technology tools should be key parts of your business strategy.

This newsletter has articles on Apps for smart phones and how to get better answers from technical support providers.

Apps for Every Smart Phone - PC World

Got a Smart Phone? Here are some great Apps for it, most of them FREE

This link will take you to an article that lists over 30 useful apps for any type of smart phone. It was compiled by PC World.

How to Get Better Tech Support - PC World

Tips to Get Better Answers, by Asking Better Questions

If you need computer help, these tips will help you to organize your thoughts and questions better so that your support person can find the answers you need. This is also helpful if you need support from Tepato Systems, although we use a different tool, called LogMeIn.
