Tepato Systems offers software consulting services to help small business owners and non-profit groups.

If you want to make better business decisions, software and other technology tools should be key parts of your business strategy.

**This newsletter has articles on mobile devices, tips for Outlook, and how to avoid rebooting after applying windows updates.**

### Mobility for 2012 - PC World

#### Mobile Devices in the New Year

This article is an interesting summary of what we can expect for mobile devices in 2012 - hardware improvements, malware and other predictions.

### Fixes for Outlook Errors & Unwanted Reboots - PC World

#### Outlook General Failure Error & Unwanted Reboots After Updates

If you've ever received a General Failure Error in Outlook after clicking on an embedded link in an email, try the fix in this PC World article.

Also, if you apply Windows updates while you're away from your computer and want to avoid rebooting, there is a suggested fix for that as well.
