Tepato Systems offers software consulting services to help small business owners and non-profit groups.

If you want to make better business decisions, software and other technology tools should be key parts of your business strategy.

This newsletter has articles to help with removing unwanted pre-installed software and restoring deleted files.

How to Remove Unwanted Pre-Installed Software - PC World

Cleaning Out the Junk That Came on Your New PC

Don't you hate it when you buy a brand new PC and get it home to discover that it's been loaded up with a bunch of software you don't want or need? This video will help you to clean up your new PC.

Free Tool to Restore Deleted Files - PC World

Useful, Free Tool to Recover Deleted Files

If you've ever deleted a file and then regretted it the next day, the Recuva utility is a great tool. It's free and can help to restore recently deleted files from your healthy hard drive.
