Tepato Systems offers software consulting services to help small business owners and non-profit groups.

If you want to make better business decisions, software and other technology tools should be key parts of your business strategy.

This newsletter has articles with tips for making better use of MS Word and Google spreadsheets.

Creating Smart Templates in MS Word - PC World

Interactive Templates in Microsoft Word Documents

This article gives a good overview of how to use Word's Content Controls to create interactive fields in a Word document.
